Registration Policy for Players 15yrs & over

Player over 15yrs must be in a team PRIOR to completing online registration.

These players may form their own teams with friends, etc. Registering as a team means that the team is formed independently of CHS grading system. The club may add players to these teams if individuals contact us requesting a place in a team. However, this will be done in consultation with the team contact and only if existing player numbers permit.

All players must be fully registered and fee paid, by the registration cut-off date.

All players should email our registrar and advise who they are playing with.

- The team must supply a manager and suitable umpire who must be approved by the CHS Umpiring Convenor.
- If the team wishes to train, they must notify the Club to arrange the booking of courts.

Late Registrations

All late Registrations who have not attended grading will be placed in a team at the discretion of the CHS Executive Committee. This will take into consideration the impact of the players in all teams in that age group for the benefit of Castle Hill Sports.
